callero

Storage with style.

A flexible storage system is vital in schools today, space is at a premium and classroom numbers are increasing. That's why Callero is the answer to all your school storage needs. Mobile units allow multi-site learning spaces, while static tall frames provide maximum storage capacity for the smallest footprint.

Not only is it our most functional system to date, it's got real style. Which means any modern school classroom can look great and stay tidy. From its contemporary colour palette to its sleek design, Callero sets a new standard for school storage.

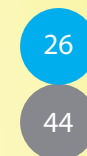

Callero. Sleek, stylish and safe.

The Gratnells Rover

A helping hand for heavy loads

The Gratnells Rover with its elegant and minimalist design is easy to use yet designed to operate easily on rough terrain and can even manage heavy loads up and down stairs. The runner system can accommodate a variety of Gratnells trays meeting many storage needs.

Trays are secured into place with a handy strap to ensure no accidents on your journey around school. Special inserts for added protection are available for the trays, as are lids to protect contents while in transit.

Tray configurations to suit your needs...

Assembled dimensions: 1170(H) X 560(W) X 760mm(D).

The MakerSpace Trolley

Creating spaces for creative minds

The Gratnells MakerSpace trolley has been designed to work with the rest of the Gratnells Callero Plus range and can be configured with a variety of tray and storage bin options.

The MakerSpace Trolley can be used to transport materials and equipment to a work area, and the trolley can also be used as a standalone workstation, with ample storage for many materials.

Using a selection of tray inserts from the Gratnells range, the MakerSpace trolley can accommodate materials and parts of varying sizes and shapes, while still making them easily accessible for selection and sharing.

Gratnells MakerSpace Trolley
The Gratnells MakerSpace trolley holds standard Gratnells trays on StopSafe runners, allowing easy and safe access to components. The tool hangers can be moved and changed to suit many objects. Comes complete with three deep (F2) trays, 12 shallow (F1) trays, 12 green mini bins, roll holder, 5 single hooks and 5 double hooks. You can customise your MakerSpace trolley with different tray combinations and additional hooks and bins. Available in silver.

1565(H) x 1020(W) x 430mm(D).

The latest in Gratnells inserts

A range of inserts designed to be flexible and useable in shallow and deep Gratnells trays.

Inserts can accommodate a variety of parts and spares for robotics and coding STEAM activities and enable division of a Gratnells tray to between 2 and 8 sections. The large insert can be suspended in a deep F2 tray to create two layers with up to 16 sections. SortED inserts are also useful in early years for easy deployment of resources throughout the classroom reducing set-up and take-down time.

GratStack®

Click together modular tray storage

GratStack® is an important part of the Gratnells educational tray storage system.

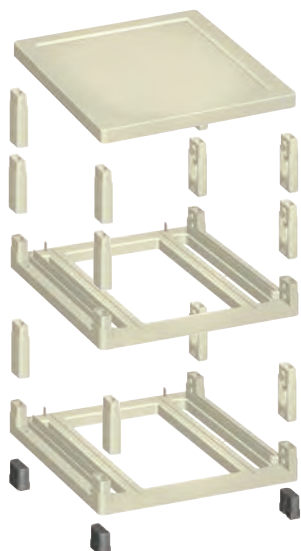

Units can be configured as a trolley, table-top unit or used as an expanding storage facility. Using its unique linking method, each GratStack® unit can be joined vertically or horizontally, forming almost limitless storage. Available in three different frame colours, GratStack® is at home in any classroom, resource room or laboratory.

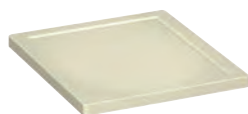

- 1 Click together and adjust to tray height
- 2 Link units together
- 3 Build up, build across

Assembly

GratStack® best suits shallow F1, deep F2 and extra deep F25 trays. Use one stacker between bases for shallow tray, two stackers for deep F2 tray, three stackers for extra deep F25 tray.

The Callero Shield trolleys are antimicrobial as they are treated with Biocote additive. This means bacteria and viruses cannot spread on the surfaces and you need no longer solely rely on continual cleaning to guard against infection.

You will have built in antimicrobial protection from MRSA and ecoli as well as other infections. The antimicrobial trays are available in translucent or kiwi green tint and are widely used in the NHS as well as being fully compatible with Gratnells school storage range.

Antimicrobial F Trays
 Antimicrobial protection is available across the Gratnells F tray range. Translucent and kiwi only.

FA01 - SHALLOW
 FA02 - DEEP

 MSTA074429 - KIWIS TRAYS

Ideal companion for the Gratnells Learnometer

The Gratnells Plant Tower

The Gratnells Plant Tower is ideal for storing and cultivating plants in a classroom. Environmental studies show that having plants in a classroom can lower CO² levels which has a direct effect on learning outcomes. This handy frame is on castors so can easily be moved around a room or school. Adjustable runners to accommodate a variety of plant heights. Gratnells trays supplied in white, giving maximum light reflection, beneficial for both plant growth and the working environment.

Gratnells Learnometer

The Learnometer is designed in association with Professor Stephen Heppell and his research team and has been created specifically for education. Gratnells Learnometer enables you to comprehensively monitor your learning environment and improve learning outcomes. It tracks seven key factors, including; temperature CO₂, and humidity.

It can be used to constantly monitor your classroom air quality, and connects to your wireless network so you can access the data and manage it remotely. The Learnometer data contributes to Professor Heppell's ongoing classroom environment research project.

Handy frames and trolleys are supplied flat-packed. For international shipping, units are available without trays.

Gratnells

World famous trays...

Our award-winning trays are specially designed and BSI tested for heavy educational use.

Available in a variety of shapes and sizes to suit you, and over 30 colours to suit your classroom. We even have trays to match the National Curriculum subject colours.

Award winning trays

Our international award-winning trays are BSI tested and passed for heavy educational use.

They come in an exciting range of over 30 colours and four heights meaning you can choose exactly the storage that suits your needs – from translucent or subtle pale grey, right through to bright orange or purple. We even have trays to match the national curriculum colours, so there's a tray to complement every classroom.

And all of our trays fit standard school furniture so you can mix and match a whole range of different colours, lids and tray heights knowing they will all fit with the rest of your classroom storage.

And even though they are built to last they are all fully recyclable too.

Gratnells **STAGE**

Providing a platform for creative minds...

Gratnells Stage is a high quality modular staging system that is light, robust, well finished and exceptionally easy to assemble.

It's been designed in conjunction with the UK's leading portable stage designer and brings you the best quality available in modular staging and the most versatile system.

The clever engineering gives you a sturdy stage system that's so simple to assemble that a child can do it, while providing a strong platform for your performances. You can use it however you need to make the most of your space and time, pack it away and then re-use it for an entirely different purpose.

Colour chart disclaimer

We've made every effort to make the colours on this document as close as possible to the ones you'll use.

Unfortunately, we cannot guarantee an exact colour match. Please ask for a sample.

Some trays are available as make to order. If the tray you require is not listed above please contact us for more information.

This colour chart shows which products are available in which colours. You can call Gratnells on: **+44 (0)1279 401550** to request a colour swatch.

Some colours may not be available in certain countries.
* Available with minimum order quantity.
Please check with Sales or Customer Service.

Trays for more than just storage

#WhatsInMyTray

If you have Gratnells trays in your school or are looking at purchasing some for your classroom then why not try your hand at a What's In My Tray activity?

No mess, no fuss, just clean, tidy and practical working. Whether it's part of the lesson or for practical use, we would love to see your ideas - #WhatsInMyTray @Gratnells.

Search our social media channels for #WhatsInMyTray inspiration.
